# Adjustable Blood Draw Chair

1202-LU/AH

The Adjustable Blood Draw Chair is designed to allow phlebotomists to make the blood draw experience as easy and convenient as possible for all patients, even those who are tall or bariatric.

Ideal for any lab, clinic or medical facility, the chair features a hydraulic lift that easily moves patients up and down and a spacious armrest with ample room to place equipment during the procedure.

The chair also comes with a five-year warranty on the fully welded steel frame.
